

SORTING DOMESTIC WASTE

Which waste belongs where?

Bio-waste

dispose off compostable waste from kitchen and garden in the bio-bin, e.g.:

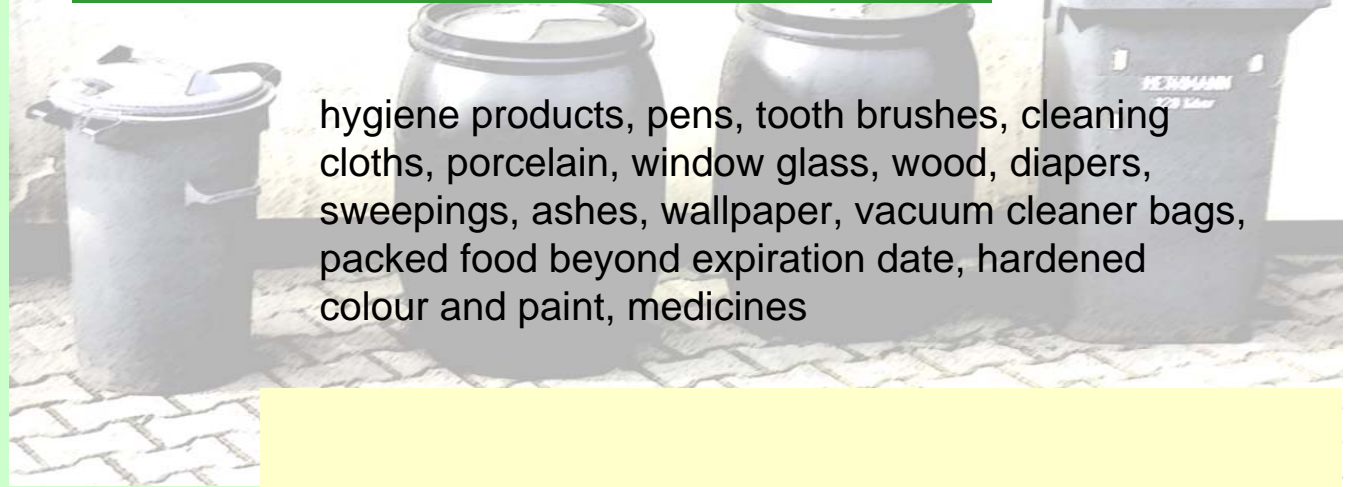

food leftovers (raw, cooked or foul), fruit and vegetables, teabags and coffee grounds with filter, bones, garden waste, pet litter, eggshells, houseplants and flower bouquets

suitable for collection in kitchen:

paper bags, compostable bags e.g. from corn starch, newspaper or paper wiping cloths to wrap in

Editor: Entsorgungsgesellschaft Steinfurt mbH
Bahnhofstr. 65 a - 48341 Altenberge

Residual waste container

hygiene products, pens, tooth brushes, cleaning cloths, porcelain, window glass, wood, diapers, sweepings, ashes, wallpaper, vacuum cleaner bags, packed food beyond expiration date, hardened colour and paint, medicines

Tips for disposal of other waste

you can find on www.egst.de/wohin.php

info@egst.de

Paper container

newspapers, catalogues, magazines, books, uncoated cardboard packaging, cartons (frozen food, detergents etc.), envelopes

Yellow bag/ Yellow container

for packaging material

from plastics:

e.g. yoghurt cups, plastic bottles from washing agents, foils, styrofoam packaging

from metal:

e.g. tin cans, aluminium lids, aluminium foils

from composite material:

e.g. coffee packaging, soup bags, beverage and milk cartons, laminated packaging (chocolate marshmallow)

Glass container

hollow glass like jam jars, wine and champagne bottles, baby food glasses, perfume bottles

Not for window glass, light bulbs or mirrors!

Harmful substances

cleaning agents, liquid paints and varnishes, aerosol cans with residual contents, medicines, paint brush cleaners, batteries, herbicides, pesticides, wood preservatives

The hazardous waste truck “**Schadstoffmobil**” stops minimum 4 times a year in every commune in Kreis Steinfurt. Citizens don't have to pay for the disposal of their hazardous waste.

You can find the schedule for the Schadstoffmobil on www.egst.de.

The collection points for used electrical devices you can find on our website as well.
